Subject: functionality of Bayesian Networks in checking reliability of systems.

1. Main references:

a. Books:

- i. Christopher M. Bishop.(2006).Pattern Recognition and Machine Learning.
- ii. Stuart J. Russell and Peter Norvig. Artificial Intelligence A Modern Approach 3th Edition

b. Articles:

- i. Helge Langseth , Luigi Portinale. Bayesian networks in reliability.(19 January 2006).
- ii. Ozge Doguc , Jose Emmanuel Ramirez-Marquez.A generic method for estimating system reliability using Bayesian networks.(February 2009).

2. Secondary references:

- a. Sankaran Mahadevan ,Ruoxue Zhang , Natasha Smith.Bayesian networks for system reliability reassessment.(2001).

روش استخراج منابع:

با استفاده از موتور جستجوی google ، با جستجوی عبارت bayesian networks + reliability ، سپس مراجعه به google scholar و انتخاب مقالات جدیدتر و با citation بالاتر.
